

## "PF-07" Pintle Hitch Locks

### Installation notes:

1. Drop yellow housing into the pintle ring.
2. Apply u-shaped padlock underneath and lock.

The components should fit easily but snugly. If the housing doesn't fit through the ring or the padlock won't lock, or if the device fits and locks but is wobbly, please call Universal Boot for support.

### Also recommended / Available keyed alike:

Wheel immobilizers

Padlocks
